

REMARKS

Claims 1 to 10 and new Claims 11 to 14 are active in the case.

Specification Amendments

The specification has been amended on page 1 to provide a statement of the relation of the present non-provisional application to a provisional application.

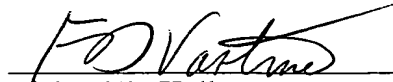

Claim Amendments

Claims 1-10 have been amended to make minor changes thereto which do not introduce new matter into the claims. Further, new Claims 11 to 14 have been added that are based on disclosure on pages 5 and 7 of the text. Entry of the new claims is respectfully requested. Accordingly, the presentation of the new claims does not introduce new matter into the case.

It is now believed that the application is in proper condition for allowance. Early notice to this effect is earnestly solicited.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
